segments

Engineering & Consulting

We work
across four
focus areas

ENGINEERING & IT

Within the dynamic sphere of Engineering & IT, our PowerHouses and Boutiques excel in providing diverse profiles — from civil, commercial, and industrial engineers to IT experts and skilled technicians. We offer professionals for secondment or freelance, catering to industries spanning construction, pharma, life sciences, industry, petrochemistry, energy, and more.

CONSULTING & BUSINESS SERVICES

Our companies specialise in providing consultants with diverse backgrounds — finance, legal, IT, psychology, and various bachelor's and Master's degrees. Our offerings include consulting, secondment, outsourcing, freelance, and interim management services. We cater to financial institutions, pension funds, insurance companies, legal offices, and public authorities.

* Excluding our digital business

Our digital solutions that add value to the House of HR platform.

1.DIGITAL BUSINESS

NOWJOBS & StaffMe (BE, NL, FR):

A fully integrated mobile app with 100% digital service, allowing students and flex workers to register and apply for jobs posted by customers with short-term needs, with a focus on hospitality and retail.

ClickCare (BE):

A fully digital care platform connecting healthcare organizations with freelance qualified care professionals, supporting efficient planning while safeguarding quality and continuity of care.

FYGI (NL):

A Dutch digital platform that connects independent recruiters and their networks with companies seeking recruitment support. It also provides support to the freelancers within its network.

2.DIGITAL SUPPORT TOOLS

SQUARE APP (NL):

The Square app is a white-label mobile application by and for the PowerHouses of House of HR. It streamlines work processes and enhances communication with scheduling, time tracking, document management, messaging, and housing info for international workers. Used at Covebo and Accent.

bookU (BE):

The pocket-sized workforce management tool in Belgium offers an all-in-one solution with a wide range of features for SMEs and large companies. From scheduling and payroll administration to contact management and reporting, bookU manages all HR and administrative tasks from a convenient mobile-first app.

Prodigy:

Prodigy is House of HR's next-generation ATS/CRM ecosystem, designed to industrialize recruitment without sacrificing local entrepreneurship. Built on AI, automation, data and omnichannel engagement, Prodigy delivers a standardized yet flexible blueprint that can be reused across Powerhouses. This dramatically increases operational consistency, and creates a scalable foundation for continuous innovation.
